

## TUESDAY 18 JUNE 2024 (ORAL TECHNICAL PROGRAMME)

### Session 1: Keynote Session – Asia Pacific's Energy Future Chairs: Ian Cross (Moyes & Co) & Ian Sayers (Viridien)

09:00-09:10	Introduction and Welcome	<b>SEAPEX &amp; GESGB Presidents</b>
09:10-09:35	Navigating the Tides: A Look at Company Growth Strategies, Challenges and Enablers in Asia Pacific's E&P Landscape	<b>Clare Barker-White S&amp;P Global Commodity Insights</b>
09:35-10:00	Exploring Across APAC - CCUS, ILX and Other Reasons to Be Optimistic	<b>Shankar Krishnan Enverus</b>
10:00-10:25	What's up in the Philippine Petroleum Industry? A Government Perspective on Energy Resources, Security and Transition	<b>Alessandro O. Sales Philippines Department of Energy</b>

### 10:25-10:55 – Refreshment Break

### Session 2: Regional Tectonics and Basin Perspectives Chairs: Charlie Line (ExxonMobil) & Damien Deveaux (TotalEnergies)

10:55-11:40	Southeast Asia Tectonics, Palaeogeography and Palaeoclimate	<b>Bob Morley and Jon Teasdale Palynova / Geognostics</b>
11:40-12:05	Cenozoic Palaeogeographies of Sundaland: Unveiling the Dynamics from Mountain Uplifts to Peneplanation	<b>Amy Gough Heriot-Watt University</b>
12:05-12:30	Technical Overview and Development Status of the Prolific Middle Jurassic Plover Formation Gas Fairway: Timor-Leste, Australia and Indonesia	<b>Andy Butler Baron Oil Plc / SundaGas</b>
12:30-12:55	Petroleum Potential of Bangladesh	<b>Edwin Bowles KrisEnergy</b>

### 12:55-13:55 – Lunch Break

### Session 3: Indonesia – Exploration Resurgence Chairs: Rina Rudd (Cenovus) & Leonardus Tjahjadi (bp)

13:55-14:20	Exploration as a Catalyst for Strategic Growth: The Geng North Success Case in Kutei Basin, Indonesia	<b>Lorenzo Meciani Eni</b>
14:20-14:45	Optimizing Basement Fracture Exploration in a Mature Basin: Lessons from the South Sumatra Basin's Success and Failures	<b>Aveliansyah Pertamina</b>
14:45-15:10	New Exploration Play Concepts in the North Sumatra Basin, Indonesia: Subsurface Insights from Around Timpan-1	<b>Mark Reynald Halliburton</b>
15:10-15:35	New Onshore Seismic and Gravity Data Confirms the Potential for Giant-Sized Discoveries within the Seram Fold-Thrust Belt of Eastern Indonesia	<b>Kim Morrison Lion Energy</b>

### 15:35-16:05 – Refreshment Break

### Session 4: Malaysia – The Next Exploration Cycle Chairs: Ili Affiuddin (Perenco) & Sh Shahira Wafa Sy Khairulmir Wafa (Petronas)

16:05-16:30	Exploration Sabah: The Past, Present, Future	<b>Colin Grant Shell</b>
16:30-16:55	Revisiting East Sabah Prospectivity Based on New Tectonic Understanding	<b>Herry Maulana Petronas</b>
16:55-17:20	The Fractured Basement of Malaysia - a Comparison with Vietnam	<b>Melissa Johansson Geode Energy</b>
17:20-17:45	Further Exploration Insights from the MultiClient 3D in Offshore Sarawak, Malaysia	<b>Tad Choi PGS / TGS / slb</b>

### 17:45 – Evening Networking Reception

# Exploring Asia Pacific's Energy Future

18 - 19 June 2024 | The Kia Oval, London

## WEDNESDAY 19 JUNE 2024 (ORAL TECHNICAL PROGRAMME)

Session 5: Keynote Session – Asia Pacific in Energy Transition Chairs: Azmir Zamri (Petronas) & Adrian Robinson (Chevron)		
09:00-09:25	Energy Perspectives: APAC's Role in a Changing ET Landscape	Dane Inglis Rystad
09:25-09:50	The World-Class Caprock at Tangguh Giant Gas Fields and its Importance to Potential CO2 Confinement in Bintuni, West Papua, Indonesia	Albertus Pradipta bp
09:50-10:15	Geothermal Exploration: High-Resolution Airborne Technologies in East Asia	Jonathan Watson Metatek
10:15-10:45 – Refreshment Break		
Session 6: Geophysical Applications – From Basin to Reservoir Chairs: Damion Rudd (Harbour Energy) & Dave Goulding (Sharp Reflections)		
10:45-11:10	Exploration in Malaysia - New Plays & New Ideas - a High Impact Drilling Opportunity in North Luconia, 2A PSC	Pierre Eliet Longboat
11:10-11:35	Exploring Papua New Guinea's Eastern Fold Belt: 2D Seismic Operations in a Challenging Onshore Environment	Reece Murrell ExxonMobil
11:35-12:00	Revitalizing Natuna Dataset to Screen for Prospect Opportunities Using Relative Elastic Impedance	Jonathan Denly TGS
12:00-12:25	Brainstorm Solutions in Seismic QI studies on Malay Basin	Jalil Nasser Ping Petroleum / Ikon Science
12:25-13:25 – Lunch Break		
Session 7: New Insights in Mature Basins Chairs: Nick Ingrassia (Longboat Energy) & Bill Dickson (DIGs)		
13:25-13:50	Exploring New Insights Off the Coast of West Sarawak	Hamidi Khalid Petronas
13:50-14:15	We Used to See Eustasy as the Key to SE Asia Stratigraphy, but Now We are Not So Sure: An Application of a New Tectono-Stratigraphic Framework for Off the Coast of Sarawak Malaysia	Jonathan Brown KUFPEC
14:15-14:40	A New Generation of Plays from Modern Geological Work in Sarawak	Nazrul Mohammad Nasri Liaw PETROS
14:40-15:05	Warts and All. Follow-up Exploration and Appraisal Drilling of the Kingia Sandstone, Northern Perth Basin Yields New Levels of Complexity on What was Assumed to be Regionally Ubiquitous Gas Play	Anthony Cortis Strike Energy / Igesi Consulting
15:05-15:35 – Refreshment Break		
Session 8: New Frontiers Chairs: Gayle Meikle (Frontier Energy) & Jimmy Bacud (PNOC)		
15:35-16:00	New Insights for the Characterization of the Kendeng-Randublatung Frontier Zone, East Java Basin	Nico Bianchi RISC
16:00-16:25	Beyond Pinnacle Reef Plays: Targeting De-Risked Coarse Clastic Plays West of Palawan, Philippines	Karyna Rodriguez Searcher Seismic
16:25-16:50	Sandy Mixed Turbidite Contourite Depositional Reservoir Systems Illuminated by New 3D-Seismic Data, Offshore Papua New Guinea	Alaister Shakerley Larus Energy
16:50-17:15	The New Ireland Basin, Papua New Guinea – a Mountain of Gold Floating on a Sea of Gas Condensate	Brent McInnes Peak Oil
17:15-17:30	Closing Remarks / End of Asia Pacific Conference 2024	
18:00 – Evening Social Drinks hosted by GESGB Young Professionals (The Rosy Hue Pub)		

# Exploring Asia Pacific's Energy Future

18 - 19 June 2024 | The Kia Oval, London

## TUESDAY 18 JUNE 2024 (TECHNICAL POSTER PRESENTATIONS)

1	13:15-13:20	New Exploration Ideas in SE Asia	Angus Ferguson	Bright Spot Consultants
2	13:20-13:25	What's My Line? Northwest Borneo Basement Segmentation from Baram to Balabac	William Dickson	DIGs
3	13:25-13:30	Reimagined Penyu Basin, Offshore Peninsular Malaysia: Unveiling Untapped Potential Through Focused Efforts	Herry Maulana	Petronas
4	13:30-13:35	Derisking Exploration and Elucidating Prospective Areas in the Frontier West Sangatta Area of East Kalimantan Province in Indonesia	Andi Mardianza	Pertamina Hulu Energi (PHE)
5	13:35-13:40	Exploring the Existing Play in the South Sumatra Basin: Proven and Potential of the Baturaja Formation	Riky Hendrawan Bayu Pandito	Pertamina Hulu Rokan
6	13:40-13:45	Sedimentary Provenance of the Cenozoic Deposits of Natuna Island, Indonesia: Implications for Onshore to Offshore Correlation and CCS in Sundaland	Amy Gough	Heriot-Watt University

## WEDNESDAY 19 JUNE 2024 (TECHNICAL POSTER PRESENTATIONS)

7	12:45-12:50	A Solution for Complex Stratigraphic Issues in Tectonically Active Southeast Asian Basins: New Workflows and Wellsite Applications	Ehsan Daneshvar	Future Geoscience
8	12:50-12:55	Application of Real-Time Isotope Logging in Central Luconia Province for Reservoir Evaluation and Assessing Seal Competency	Ahmad Shoeibi	Geolog Kuwait
9	12:55-13:00	Integrated Electrofacies Analysis and 3D Seismic Interpretation of an Oligo-Miocene Carbonate Platform to Evaluate Reservoir Zones, NE Java Basin, Indonesia	Ruth Jarvis	Viridien
10	13:00-13:05	Depth Imaging Insights: Full Tensor Migration Maps Structural Complexity in Malaysia's Geological Landscape	Colm Murphy	Bell Geospace
11	13:05-13:10	A Fit for Purpose CCUS Screening and Areal Development Plan Workflow for a Geologically Complex and Integrated Network of Clustered Assets in Asia Pacific	Ellen Mitchell	ERC Evolution
12	13:10-13:15	The Potential for Evolving from State Funded Investment in Geologic Carbon Stores to a Self-Sustaining Carbon Storage Commodity Market	Andy Kirchin	RPS

*All posters will be on display throughout the event.*
